

Welcome to the club as being your states Chairman of the Board,

I chose this theme “Don’t Stop Believing” this year because sometimes we forgot and just go with the flow and we quit “Believing in Yourself”. You have done one of the hardest positions on the United States Women of Today Board and now it’s whew, but don’t stop there, does the new board need help with anything? Always reach out to them as a group and individually sometimes that little note/email/snail mail will mean the world to them.

How did your year as President go and for some of you it’s the same position you had last year? For a Fast start this year, I want you to send me your greatest challenge as being president and your greatest accomplishment to [cob@uswomenoftoday.org](mailto:cob@uswomenoftoday.org), along with your theme and what will you be doing to help your new president this year? Due by August 15<sup>th</sup>

Elections Committee:

This committee consists of the chairman of the board and 4 other member appointment by the chair. They meet midyear meeting (or zoom before) for the purpose of reviewing election rules and to set up guidelines for the upcoming campaign. This committee also arranges and supervisors a caucus that is held the day preceding the annual elections meeting. This caucus will allow convention attendee to hear the viewpoints of all candidates that are running for national office. Do I have anyone that would like to volunteer?

Please reach out to me email, Facebook or a phone call if you need anything.

Don’t Stop Believing,  
Tracey Pierson, USWT COB
