

WOW where has the first trimester gone! Has your state had that first state meeting yet, how did it go, did you reach out to the President and ask if she needed help preparing anything? I know we have presidents in the same position for years but please still reach out. I'm here to help in any way I can. For the next couple months I will not be working, I fractured my humerus bone, it's not just a healing 6 weeks, I need a total shoulder replacement. I cannot work. I'm going stir crazy and surgery is not scheduled until 8/27. So, typing this has taken a lot longer than it should with one arm, I am so thankful that I had my Today Leader article already done before my accident. I really wanted to travel with President Jane this fall then with the floods happened in Spencer and my basement is still tore apart and now my accident this fall is out hopefully next year.

Was there any conversation about hosting a convention? We are looking for hosts for mid-year 2025 and year end 2026.

Are there any members that you think would do I great job on the USWT staff but need some guidance or encouragement please let me know.
