Project Name	Sister State booklet
Project Type	INTERNAL - OTHER
Project Purpose or Goal	The past 3-4years i have put together a "Sister State" booklet with information on Iowa and our "Sister States" for that year (as assigned by the USWT Secretary). This is not only a good PR tool - letting other states know more about Iowa WT, but also a great way for us to get to know our "sisters/brothers" in our assigned "sister states". After putting together the booklet, I send it to each of the Sister State Presidents, State Secretaries, USWT President and USWT Secretary (along with any other member who might request a copy!!). It has become a GREAT way to get to know a LOT about the other states/members and their participation in the USWT history - as well as activities of member chapters!!

Project Description	<p>PAGE 1 UNITED STATES WOMEN OF TODAY SISTER STATES PROGRAM Sister States program was established in the 1986-87 year; with a larger state being matched up with a smaller state. The purpose of the Sister State Program is to encourage fellowship and support among our state organizations. To participate, states may to exchange newsletters, offer state theme kits at conventions, exchange membership ideas, help with membership events or activities (if you are close enough) and support each other throughout the year. The State Presidents or contact should feel free to participate at any level and can delegate this responsibility to a staff member, usually the secretary. You will find this a wonderful opportunity to learn more about the organization, your fellow states and chapters and new projects, as well as membership and social ideas. Have fun!
